### Capability Building

# Green Shoots\_2026\_Capability Building\_Round 4

## Form Preview

**Please describe any specific challenges your business is currently facing, or upskilling opportunities you'd like to explore for your team (e.g. profitability challenges via cost-of-living headwinds, attracting and retaining talent, managing cashflow, accurate plant costing, medium/long-term business planning, negotiating skills, etc.) \***

**What current efforts or strategies, if any, have you already implemented to either (a) address your business challenges, or (b) upskill your team in specific areas? (Please provide details on any internal or external actions taken.)**

**What do you see as the benefits of participating in this program and working with an expert to help deliver improvements? (e.g. describe the expected impact your business, employees, or the local community) \***

**The awarded applicant/s will be invited to undertake business development courses, which may require time away from your business. Are there any barriers to your ability to commencing work with the expert in the short term if you receive this grant? \***

**What specific expertise or skills do you require from the expert? (e.g. business strategy, financial management, operational efficiency, etc.)**

**We are interested in understanding any previous advice you have sought on your current business challenges to better tailor our support and ensure you get the most out of any potential course you undertake. Have you previously worked with any consultants, experts, or advisors to seek advice on your current business challenges? \***

☐ Yes

☐ No
